

Carbon Canyon Evacuation Map

- LEAVE EARLY to avoid being caught in the chaos of the fire, smoke, or road congestion.
- Follow official instructions.
- Know your evacuation routes and have a pre-determined destination.
- Be aware of where the fire is coming from and wind direction.

Put this map in a safe place:

- On the refrigerator
- Inside a cupboard door
- In a “go bag”
- In your car’s glove compartment

Evacuation Route

NOT An Evacuation Route

Gate May Be Locked, Only Proceed If Told To Do So

For current information go to: www.CarbonCanyonFSC.org/current

What To Do Before You Leave

- Secure your animals in the bathroom with carriers ready.
- Park cars out of garage facing out.
- Place valuables in the car for a quick departure.
- Shut off air conditioner or heater to prevent embers from being sucked into the house.
- Close all doors inside the house.
- Close all doors and windows.
- Don't leave sprinklers or water running. This could affect water pressure of fire hydrants.

When Leaving, Take the “5 Ps”

- **P**eople and **P**ets, including pet ID tags, medications, leashes, and water bowls.
- **P**rescriptions, prescription eye wear, dentures, and hearing aids.
- **P**ersonal computer, external back-up hard drives, cell phones, and chargers.
- **P**lastic – credit/ATM cards, checkbook, cash, wallet, and purse.
- **P**ictures, important phone numbers, and papers.
